The officers of the Hydrographic Office of the Navy Department are engaged in outlining a plan which, if perfected, will be of inestimable value to mariners on the Atlantic Ocean. Port Keogh, Mont., Aug. 6.—It is reported from Simmons's sheep corral on the American fork of the Mussel Shoal that a cloud burst occurred there on Monday evening which destroyed 800 head of sheep. The cloud exploded at the head of Dry Run Creek, and came pouring down in a solid wall twenty-two feet high, carrying off nearly the entire herd, and almost drowning a herder. The bodies of the animals are strewn along the river for sixteen miles below the scene of the disaster.

The second trial of Alferd Packer, better known as the "Man Eater," was concluded at Gunnison City Col., recently, with a verdict of guilty of manslaughter on the five counts, as charged in the indictment. Judge Harrison sentenced the prisoner to forty years' imprisonment in the penitentiary, or eight years for each man that he is supposed to have murdered. The crime Packer is charged with is one of the most horrible on record. In the early part of the winter of 1873, Packer in company with five prospectors—Israel Swan, William Bell, George Noon, Frank Miller, and James Humphreys—started from Bingham, Utah, for the new mining districts in San Juan county. The winter was severe and game scarce, and when the party reached the place where Lake City now stands, they were out of provisions and suffering from the intense cold. Here they went into camp, and one night Packer murdered his companions, and for fifteen days lived on the flesh of the dead.

Anarchist Picnic.

On Sunday, the 8th, between five and six thousand Anarchists of Chicago held a picnic in Indiana. Beer flowed freely and there was more or less disorder during the trip.

Speeches were made calling upon the crowd to stand by the doctrine of Socialism, and teach it to their children, and they relieved themselves in a tirade against capitalists and the press that favors them.

Such gatherings as that on Sunday ought to be prevented.

There are enough demoralizing habits indulged in on Sunday, without beer swimming meetings to teach the satanic doctrine of Socialism.

Large firms of the East will not employ Knights of Labor. In a short time no labor union men can fine employment in factories employing large numbers of men. This shows how fruitless it is for laborers to undertake to dictate to employers.

There are now $279,504,922 lying dead in the Government Treasury. That money ought to be taken out and sent about doing good.

LAND, LOAN & INSURANCE AGENTS,

Correspondence in English and German.

Lockwood, Dade County., Mo.

The lands we have for sale are located in a country that, for a combination of those natural resources which add to the pleasure and comfort of man, cannot be excelled, if equalled, by any other locality on this Continent. We refer to the salubrity and healthfulness of its climate, the productiveness of its soil, the profuseness and variety of its agricultural products, and the intelligence, morality and good character of its citizens. Comparing its present condition with its possibilities, this country although no longer on the confines of civilization, is yet in its infancy; and investments made in farms now will, eventually, yield a large percentage of gain in value while the country grows into the magnificent proportions destined for it by the great Architect of its natural resources.

We subjoin a partial list of the farms we have to sell, and we will take pleasure in answering any questions pertaining more particularly to the inducements we have to offer to parties desiring to locate in the great and growing West.

No. 51. 80 acres; all fenced and broke; good house; small orchard; all fenced in hedge; 4 miles from Lockwood, in a good neighborhood. Price $2,400.

No. 52. 95 acres; all fenced in barbed wire and hedge; 65 acres broke; house 14x24; 3½ miles from Kings Point; 7 miles from Lockwood. Price $1,600.

No. 53. 160 acres; all fenced with barb wire; 65 acres broke; good well; 200 apple trees 3 yrs old, and other fruit; house and barn; 3 miles from Lockwood. Price $26.50 per acre on good terms.

No. 60. 40 acres; 20 acres fenced; 15 acres timber; never failing spring of water; good land; on public road; 2 miles from Lockwood. Price $600.

We will change the above list from time to time, but if any time partier desiring land will write to us describing what they want, we will try to supply their wants. Be sure to see this country before locating elsewhere.
